

Janet & John

natural products for wonderful creatures

Janet and John Equine Range:

J.J. Hand Gel

Directions for use:

When clinical procedures are required or during foaling it is essential your hands are as close to sterile as possible. First wash your hands with J.J. Deodorising Hand Soap and rinse thoroughly. After drying your hands and pre-procedure liberally apply J.J. Hand Gel to your hands and fore arms. Making sure that the J.J. Hand gel gets under your nails and into the cuticles. Allow to air dry then proceed with the job at hand.

Full protocols and products a range of products are available for quarantine or outbreak incidents.
