

Janet & John

natural products for wonderful creatures

Janet and John Equine Range:

J.J. Hoof Soak

Directions for use:

Clean and wash out any debris from the hoof making sure no grit or stones are left behind. Dilute J.J. Hoof Soak one to ten (1:10) parts warm water in a suitable bucket. Control your horse so that the infected hoof is placed in the bucket with your mixed J.J. Hoof Soak. Allow the hoof to be soaked for approximately ten minutes. Then allow to air dry. Repeat this procedure daily for five days. Do not work the horse until the infection is completely cleared up.

Full protocols and a range of products are available for quarantine or outbreak incidents.
